

FACTS Information Guide

Overview

Our classical Christian school employs FACTS as its database and grading system. Parents Web provides convenient access for parents to view grades, contact details, and more. Teachers post weekly grades, encouraging parents to monitor progress, engage with their child, and connect with teachers if needed. FACTS is used for school communications, and students can also access it to track their grades. This system enhances communication, empowers students, and supports our mission of cultivating spiritual and cultural leaders.

Features The Following:

- Directory Listings to Send Emails or Make Calls to Teachers
- Student Class Schedule
- View Student Grades
- Student Record for Attendance
- Student Behavior
- View Student Schedule
- View School Calendar Events and Announcements
- Access to School and Student Information

Facts Family App

FACTS Home offers parents and students perpetual, seamless access to ParentsWeb through their phones and devices, facilitated by an annual subscription fee of \$4.99. This service provides a continuous, convenient connection to our educational platform, further aligning with our mission of fostering spiritual and cultural leaders within our classical Christian school community.
